

Dear SCM students,

Thank you for applying to the MSc in Supply Chain Management (SCM). We would like to invite you to our introduction activities. These activities provide you with a unique opportunity to get to know your fellow students, build new friendships, meet with faculty members and alums, visit companies, and interact with supply chain practitioners. These activities are one of the highlights of our program and a good start of the academic year.

Activities details

The SCM Introduction activities are the most elaborate in all RSM. For more information, please refer to the attachment for the detailed program. We will welcome you on Tuesday 29 August with a kick-off on Campus. For the other activities you will have to register. We recommend you join us for all activities. However, if you are not able to join the overnight trip (from Tuesday to Wednesday), then you have the option to sign up for the Thursday program only. Registration to the Introduction activities is voluntary. You can attend the kick-off session on Monday and the activities on Thursday without payment. For the overnight trip from Tuesday to Wednesday, we have to ask you for a small contribution (35 Euros) to cover part of the costs.

To complete your registration for the introduction activities, please complete [this survey](#).

If you have registered also for the overnight trip from Tuesday 29 Aug. to Wednesday 30 Aug., please also complete the payment (35 Euros) via [this payment link](#).

Registration and payment for the introduction activities needs to be completed by latest **Thursday 24th of August**. You will receive more detailed information in the week before the introduction activities.
